## DAY OF EXCITEMENT

Startling Incidents in Matters Pertaining to the Strike.

### THE INJUNCTION CASES HEARD.

No Decision Rendered, but It Is Believed It Will Be Favorable to the Strikers. Meeting in the Strikers' Camp—Murder in the Deputies' Ranks—The Latest Strike News.

PITTSBURG, Aug. 17.—Yesterday was fraught with exciting incidents in matters pertaining to the miners' strike. Meeting in the strikers' camp, a murder in the deputies' ranks, filing of criminal and civil suits against the Dearmits, and the hearing in the injunction case against President Dolan and others, kept both sides to the struggle busy and on the qui vive all day long.

The hearing in the injunction case before Judge Stowe and Collier was perhaps one of the most important and interesting ever held in the Pennsylvania court. It was a hearing in which both capital and the rights of labor were interested, and the decision is expected to have a telling effect on the conduct of the great coal miners' strike, which has been on since July 5.

From the testimony adduced, and from the expressions of the court, it can safely be said that there will be some surprises. That the injunction will be materially modified there can be no doubt, which, on its face would indicate a victory for the strikers. The preliminary decree has been continued pending a consultation of the judges, and an opinion will probably be handed down early this week.

Judge Collier said in court yesterday that the strike would go down in history as one of the wonders of the century, and remarkable on account of the utter lack of disorder, for which the strikers are commended and have the sympathy of the court. Said he: "There can be no question as to what our duty is under all the testimony, but I am somewhat in doubt as to whether or not the order should be modified. We can not determine this without a consultation."

Judge Stowe said yesterday evening: "This injunction will not justify the issuing of an attachment against any marchers who are not found in company with the men named in the injunction."

He let it be understood that the injunction is not so sweeping as has been thought; that only the five men named in the writ—Patrick Dolan, William Warner, Cameron Miller, Uriah Bellingham and Edward McKay—are restrained from marching or trespassing on the company's property. The others mentioned can be only those found in company of the five named in the injunction. As near as can be learned, the strikers under the injunction can march, but not at stated times, as long as they are not in company with any of these defendants.

### DEPUTIES FIGHT.

One of Them Shot and Can Not Possibly Recover.

PITTSBURG, Aug. 17.—Two deputies, Robert Kerr and Frank Anderson, employed as guardians of the New York and Cleveland Gas Coal company, fought yesterday afternoon, and Kerr received fatal injuries. Anderson is proprietor of a dive on Water street, this city, and is known as a bad man. He was in charge of the deputies at Sandy Creek. Kerr, who lives at McKee's Rocks, is a river pilot by occupation. He has served before as a deputy during strikes.

It is not known what the men fought about, but they met on a bridge crossing Plum creek, and after a few words Anderson was seen to hit Kerr, who retaliated, and a rough and tumble fight, lasting about five minutes, followed. Anderson succeeded in drawing his revolver, and placing it close to Kerr's abdomen, fired, the ball tearing through the victim's intestines and lodging in his back. The physicians say he can not recover.

A constable tried to arrest Anderson, but he was prevented by deputies, who said they would hold him until the arrival of the sheriff.

### An Open Rebellion.

PITTSBURG, Aug. 17.—There was open rebellion at the Sandy Creek strikers' camp yesterday. Some 15 or 20 foreigners who were dissatisfied with the commissary complained to Captain May and demanded better food. He told them that the man in charge of the commissary department was doing all right and they were being well treated. The foreigners then threatened to march and Captain May ordered the deputies to arrest them if they did not keep quiet. This had the desired effect and the foreigners returned to their headquarters. There was no trouble at the other camps.

### DEARMIT SUED.

In Addition to Civil Suits For Wages Criminal Suits Are Begun.

PITTSBURG, Aug. 17.—In addition to the civil suits entered against President W. P. Dearmit by his former employees for wages, three criminal suits have been brought against Samuel Dearmit, a brother of the president.

Mrs. Anna Crotoi, who was evicted on Saturday by Samuel Dearmit, has brought a criminal suit, charging assault and battery. She says in her charge that her husband was not at home and Dearmit took her by the shoulders and threw her out of the house. She says he held a hatchet

above her head and threatened to kill her. Her two children, (one a sick boy) were also thrown from the house.

John Crotoi, her husband, also sues Dearmit for larceny. He claims that after evicting his wife and children and throwing his household goods in the road, Dearmit took away with him a gallon keg of wine and a \$16 revolver of Crotoi's, and has since refused to return them.

### IN THE FAIRMONT DISTRICT.

Union Men at Work in the Mines Doing Missionary Work.

FAIRMONT, W. Va., Aug. 17.—Wood and O'Connell, headed a large body of miners who marched to the Montana mine, but the rain discomfited them and not much work was done. For several days, if the claims of the organizers are correct, several men in that mine have been members of the mine workers' union and would have come out yesterday but that they thought more missionary work was necessary to make the move general among the miners.

The operators are not getting rich out of this strike. Not a ton of coal is being shipped east, as the soft coal workers of Pennsylvania keep that market supplied. Then again, just before the strike, the three biggest mines in this region received immense lake contracts which must be filled.

At present 500 men at Monongah, 40 at Pritchard, 60 at Montana, 400 at the Clarksburg mine, 80 at Palatine, 20 at New England and 60 at Judge Mason's mine are all out, but three or four times that number are still at work.

### STRIKE EXTENDING.

Twenty-Five Hundred Miners in Eastern Pennsylvania Quit Work.

HAZLETON, Pa., Aug. 17.—Twenty-five hundred miners of the Lehigh and Wilkesbarre collieries in the Honeybrook district went on a strike yesterday and at a meeting last night resolved in a body to stand together. This is the first defection among the miners of eastern Pennsylvania. Apart from the wage question the men demand the discharge or transfer of Superintendent Jones and the feeling against him is so strong that he moves about with an armed escort, and his house is guarded day and night.

At the meeting a committee was appointed to wait on Manager Lawall and demand restoration of the system which was in vogue prior to the advent of Superintendent Jones to the district. In the meantime no work will be done at any of the mines in the district. A number of men discharged yesterday were ordered to leave the company houses within five days.

Mr. Lawall came here yesterday evening from Wilkesbarre, in company with Auditor Johnson of New York, and looked over the ground. Mr. Lawall expressed the opinion that the strike might be settled early, but he was not authorized as yet to say how the directors would meet the demands of the men.

### INCENDIARY LANGUAGE USED.

Strikers Threaten to Burn Out the Miners Who Are at Work.

GREENSBURG, Pa., Aug. 17.—Wild disorder prevailed in the vicinity of Hermine and the Ocean Coal company's works last night. The 200 miners who came from the river district yesterday were successful in the afternoon in bringing the miners at Hermine out. About 175 men quit work about 3 o'clock. They all marched over to the Arena and Madison works and proceeded to fill up with "Polinki." They threatened the miners at Arena and Madison, which number about 250 men, intimating that if they did not quit work they would be burned out. The incendiary language created much excitement and it is likely that deputy sheriffs will be sent to the scene.

The Madison and Arena miners are not favorable to striking, but consented to attend the meeting of the strikers tonight at Madison. It is expected that a few of the miners at these works will join the strikers, but a great majority will not heed the appeals of the strikers. Mrs. Jones addressed the evening meeting.

### RIOTING BEGUN.

Mine Guard Shot at but He Saved Himself by Flight.

CUMBERLAND, Md., Aug. 17.—From information just received here most serious trouble is likely to occur among the miners near Coriuth, W. Va., caused by the release of three Italians who were arrested charged with threatening to blow up the mine and brick plant of the Oakland Coal company.

The release of the men tended to encourage the other strikers, who, armed with guns, went to the house of six men who had been at work, broke into it and destroyed their property. Ex-Deputy United States Marshal Wheeler was guarding the miners, and was shot at, but made his escape to Oakland and reported the facts to Superintendent Anderson, who resides there. Since the rioting has commenced there is no telling where it will end, and great alarm is felt.

AKRON, O., Aug. 17.—It is very probable that some of the men in the Loomis mines at Wadsworth will resume work tomorrow. They might have gone to work today but for the discovery that some time Sunday night all the cars were removed from the mines and taken some distance away. Whose work this was is not known. Manager J. P. Loomis has promised the men protection if they will go to work, and in the event of trouble will have enough deputies sworn in to cope with any who seek to debar the miners from working.

## KLONDIKE'S CLIMATE

It Can Be Stood Only by Men In Perfect Health.

YOU HAD BETTER KEEP AWAY.

An Official Report of the Yukon Mining District Made by the Canadian Land Surveyor Great Difficulty Experienced in Getting Reliable Information From the Miners in Alaska.

New York, Aug. 17.—The dispatch to The Herald from Washington says: Secretary Gage has just received from the minister of the interior of Canada an official report of the Yukon mining district. It is a condensation of the reports of William Ogilvie, the Dominion land surveyor, and contains other matter from officers of the Canadian government who have previously visited the region or are now there.

At the outset the minister states that the report is published in response to numerous public demands.

"The object," he says, "is not to induce any one to go to that remote country at the present time. Until better means of communication are established a man undertakes serious risks in going there, unless he has sufficient resources to tide over the long winter. After September egress from the country is practically impossible until the following June, and a person who has not been successful in locating a paying claim has to depend for his subsistence upon finding employment. Wages are at times abnormally high, but the labor market is very narrow and easily overstocked."

"It is estimated that up to the middle of May 1,500 persons had crossed the Dyea this year. Whether employment will be available for all and for the considerable population already in the district is somewhat doubtful. It will therefore be wise for those who contemplate going to the Yukon district to give serious consideration to the matter before coming to a decision."

An extract from the report of A. E. Willis, assistant surgeon, for 1895, is given to indicate the climate of the Klondike, and the mode of living. He also describes the kind of men that should go to the Klondike. He says:

"The climate is wet. During the winter months, the cold is intense, with usually considerable wind. A heavy mist rising from open places in the river settles down in the valley in extreme weather. This dampness makes the cold felt much more and is conducive to rheumatic pains, and the like. In selecting men to live in this country, I beg to submit a few remarks to aid the medical examiners.

"Men should be sober, strong and healthy. They should be practical men, able to adapt themselves quickly to their surroundings. Special care should be taken to see that their lungs are sound, that they are free from rheumatism and rheumatic tendency, and their joints, especially knee joints, are strong and have never been weakened by injury or disease. It is important to consider their temperaments. Men should be cheerful, hopeful dispositions and willing workers. Those of sullen, morose natures, although they may be good workers, are very apt as soon as the novelty of the country wears off, to become dissatisfied."

Mr. Ogilvie, chief of the boundary survey, in a report of a trip down the Yukon, says, regarding the weather: "It is said by those familiar with the locality that the storms which rage in the upper altitudes of the coast range during the greater part of the time from October to March are terrific. A man caught in one of them runs the risk of losing his life unless he can reach shelter in a short time."

Mr. Ogilvie on this same trip had much difficulty with the Indians, and they demanded \$20 per 100 pounds for carrying his goods. On being told that the party had a permit from the Great Father in Washington to pass through the country and that the Indians would be punished if they interfered they reduced the price to \$10. Mr. Ogilvie estimates that there are about 400,000 acres of land along the Yukon and its branches that might be used for agricultural purposes. Mr. Ogilvie gives the miners a bad reputation.

He says: "I may say that it is generally very difficult to get any exact or even approximately exact statement of facts or values from miners. Many of them are inveterate jokers, and take delight in joking. The higher the official or social position of the person they hoax the better they are pleased. I have several times found that after spending several hours getting information from one of them it would be all contradicted by the next one I met. Another cause of difficulty in getting trustworthy information from them is that in a certain sense they consider every government official as their enemy, and that he is in the country to spy upon their doings and find out their earnings, which latter the great majority of them are very much averse to have known."

### STAY AWAY FROM ALASKA.

An Old Stager Throws Cold Water on the Klondike Rush.

SAN FRANCISCO, Aug. 17.—Henry Gable, an old and experienced miner, who was one of the first to join the rush to the Klondike, has returned and tells a story calculated to deter others from going north to search for gold. There is hardly a trail in California, Arizona, Nevada or Montana with which Gable is not familiar. When the news of the gold strikes reached this country Gable left his mines in Arizona and start-

ed for the Klondike, via Juneau and the Chilcot pass. Now he is back, having sold his outfit, which cost \$235. He learned from many experienced mining men at Juneau and further up that it would be suicide to go before spring.

He says: "When we reached Barman's bay, which is a little way from Dyea, I gave up the idea. I left the vessel, intending to go to work in the Comet mines there and wait until next spring, when I intended to go into the Klondike. I found the mines deserted, as the men would not work there at this time of the year owing to the water which fills the mines. The Alaska mining men are positive that nearly all who are trying to get to Dawson City will be frozen up on route until spring and that their fate is uncertain. I will not answer for the lives of the tenderfoot who are now going."

### LOST H.S. NERVE.

Felts Disappears From Pike's Peak Leaving His Flying Machine.

MANITOU, Col., Aug. 17.—William B. Felts has mysteriously disappeared. His flying machine with which he was to have attempted the flight from Pike's Peak to Colorado Springs is still housed on top of the peak. There has been rumors that Felts' nerve was becoming shaky which was offset by statements from the professor that he was waiting for a clear day.

Felts went down the mountain side Friday after stating that he was going for a walk, since which time nothing has been seen or heard of him. His friends say he has probably lost his way in the wilderness west of the peak and may have fallen down a precipice and been killed or injured.

They have been searching for him since Friday. The majority, however, are skeptical enough to believe that the professor had not sufficient faith in his own invention. While they acknowledge the conditions have been unfavorable they think the incident which has created so much excitement for the past two weeks is closed.

### TWO KILLED AND THREE INJURED.

Frightful Accident at a Crossing of the Canadian Pacific Railroad.

St. THERESA, Que., Aug. 17.—A Canadian Pacific train from La Chute struck a carriage containing five persons at a crossing near the station yesterday. Mrs. Emelie Martineau and Miss Maria Filiathreault were killed, and Mr. Desolite Martineau, Miss Amanda Martineau and her younger sister were badly injured. Miss Martineau is not expected to live.

The party of five started out to attend a funeral. The carriage caught in the track at the crossing, and a freight train, standing nearby, prevented the occupants of the vehicle from seeing the incoming train. The engine struck the buggy with great force, throwing the occupants full 50 yards. The young woman, Miss Filiathreault, was killed instantly, and the old lady lived only 20 minutes.

### ANDREE HEARD FROM.

One of His Pigeons Shot by One of the Searching Parties.

BERLIN, Aug. 17.—The Vossische Zeitung publishes a dispatch from Hammarfest, Norway, which says that one of the searchers for Herr Andree, in a fast steamer, met the sailing vessel Aiken about July and learned from her captain that one of the crew had shot a pigeon between North Cape and Seven Islands, on the north coast of Lapland, bearing a message addressed to The Aftonbladet, Stockholm.

The message ran as follows: "Eighty-two degrees passed. Good journey. Northward. Andree." The date of the message can not be ascertained.

### Small Cyclone in New York.

AMSTERDAM, N. Y., Aug. 17.—Yesterday a cyclone passed from the west to the east, about a mile from the village of Hagaman, a suburb of this city, wrecking several buildings. Three barns were blown down and the house of John Hartig was wrecked. Mrs. Hartig, who was in the building, was badly injured. The cyclone was of short duration. The damage will amount to several thousand dollars. Crops were badly damaged and in some instances ruined.

### Girls Strike Against Italian Women.

GENEVA, N. Y., Aug. 17.—Two hundred women and girls employed by the Geneva Preserving company are on a strike. The cause of the trouble was the employment of four Italian women in the canning-room. About two months ago Manager Palmer brought here 150 Italian men and women to work in the fields, with the understanding that they should not work in the factory. As soon as the Italian women started to work every woman and girl filed out.

### Silver Republican Executive Committee.

DULUTH, Minn., Aug. 17.—Chairman Towne has announced the executive committee of the National Silver Republican party. The members are: Chairman, Fred T. Dubois of Idaho; Judge J. J. Harper of Washington; C. H. O.; Ben S. Dean of Jamestown, N. Y.; A. M. Stevenson of Denver; Nathan Cole, Jr., of Los Angeles, Cal.; James H. Tenner of Chicago, and Charles S. Hartman of Bozeman, Mont.

prisoners escaped. TIFFIN, O., Aug. 17.—Ben Ehinger and Harry Speck, who were arrested for drunkenness and placed in the city prison, pried two iron bars of their cell, passed through, then picked the lock leading into the office, and made their escape when the police court was deserted.

## REMAINS A MYSTERY

Bellefontaine Tragedy Has Not Yet Been Solved.

### THE EXCITEMENT HAS SUBSIDED.

No Fears Now of the Suspected Prisoners Being Taken From Jail and Lynched. Danger of a Lynching at Hicksville—An Old Man Bound, Gagged and Robbed. Other Ohio State News.

BELLEFONTAINE, O., Aug. 17.—It seems that the officers in the Detrick murder case have about come to a place where all clues end. The majority of them, as well as all the detectives, believe the mystery is far from being solved, and the murderers are just as far away from the hands of the law as when the murder was discovered.

The intense feeling on the part of the people which threatened to end in something not desirable, has quieted down to a great extent, and now there is no thought in any mind that a mob will take the prisoners now suspected into their hands.

Deerwester has rallied some. It is now thought that instead of feigning sickness he has really been in a state of mind which would necessitate his acting as he does. It is now admitted on all sides that the man is not strong mentally and with this intense excitement and the else questioning he has been thrown in a state such as has been since found upon his wife's grave. The cut across his throat has healed and the trouble was not from this cause.

Had not Ford been suspected of stealing the two brass kettles at Thomas Turner's home some time ago nothing would have been known concerning him on which he could have been held longer than the four days for which suspicious characters can be kept in jail. Ford says he can prove himself innocent of this charge and does not want to stay in jail longer. His bond was fixed at \$500, and he failing to get this, was returned to jail. Ford says he intends to give the \$500 bond and secure his release. No effort was made to molest him as he walked along the streets with the officer.

### KILLED ANOTHER MAN.

Dep Ackley Locked Up at Hicksville, but May Be Mobbed.

HICKSVILLE, O., Aug. 17.—Dep Ackley, who almost murdered his twin brother in a duel Sunday, and afterward made his escape to the woods, was captured between 5 and 6 o'clock yesterday evening after a chase which lasted all night and all day. He was captured in a cornfield south of a small town named Knoxdale, by a posse. He fought desperately with a knife and club, and before finally overcome, he succeeded in cutting a man named Backus over the heart. Backus can not recover.

Ackley was not captured until his clothes were torn into shreds and he had been clubbed into insensibility.

Gill Ackley, the brother and victim of the man captured, is still unconscious. After an examination it was found that the carotid artery in the neck had been cut, causing a fatal wound.

The citizens are greatly aroused over the affair, and if Gill dies Dep will be roughly dealt with.

### Saved From Drowning.

NEW CORWIN, O., Aug. 17.—Mrs. S. R. Hinton of Charleston, W. Va., visiting relatives here, and another lady were driving when their horse became frightened and plunged into White Oak river. The buggy was upset and the ladies thrown into the water. Mr. Charles Copeland, the well known ex-railroad contractor, happened to be near, and with great difficulty rescued the ladies from drowning. Mr. Copeland, who is nearly 68 years of age, fainted soon after rescuing the ladies, and is yet very weak from exhaustion.

### On Old Man Bound, Gagged and Robbed.

HICKSVILLE, O., Aug. 17.—Between 12 and 1 o'clock Sunday night two masked men entered the home of H. C. Hamberger, an aged man living four miles west of this city. They bound and gagged him and escaped with \$1,800 in money, about \$900 in notes and about \$1,800 in bonds. The notes and bonds were dropped, however, and were found yesterday. Their victim is in a critical condition.

### Railroad Engineer Injured.

STEEBENVILLE, O., Aug. 17.—James McCullough of Dennison, engineer on the Panhandle engine No. 142, was injured about the head and shoulders by being thrown from the engine, which upset in Collier's yards, due to the pony wheel turning under.

### Killed by Live Wire.

TIFFIN, O., Aug. 17.—Platt F. Barnes, who spent the greater part of his life in Tiffin, is dead at Erie, Pa. His death was caused by coming in contact with a live wire while working with a gang of linemen.

### Struck and Killed by a Train.

STEEBENVILLE, O., Aug. 17.—Samuel Adams of Warrenton was struck and instantly killed by a Wheeling and Lake Erie freight train between Warrenton and Long Run yesterday.

### Woman Fatally Burned.

KENTON, O., Aug. 17.—Mrs. Jones, cook at Williams' restaurant, was fatally burned while filling a lamp. She was taken to the hospital, where she died the next morning.

INDICATIONS.—Generally fair weather;  
 brisk, northerly winds diminishing.

The Public Ledger Monday copied that fake interview with Senator Stewart and ran it in as an editorial. This was nearly a week old and denounced as false by the Senator two days after it appeared. The gold bugs must be in sad straits.

JUDGE LAWRENCE, for years the prophet of Ohio Republicans on the wool question, is not satisfied with the wool section of the Dingley bill. He says the new tariff law is the worst ever passed and that it will fail to give wool growers the protection they expected and deserved. The Judge asserts that the manufacturers of wool goods get more protection than they need while the growers on wool get less.

**Something to Know.**  
 It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.  
**A. O. U. W.**  
 Will meet this evening at G. A. R. hall, corner Third and Market, at 7:30 o'clock. All members are requested to be present. Business of importance.

Do not fail to take in the evening excursion on steamer Laurence. She leaves her float at 7 o'clock, makes a ten mile run up and down in front of city, returning at 8:30. Nice music. Cool breeze and enjoyable time. Fare ten cents.

Ox account of Labor Day celebration and Agricultural Society meeting at Portsmouth, O., the C. and O. will sell round trip excursion tickets, Maysville to Portsmouth, at rate of \$1.55. Dates of sale, September 6, 7, 8, 9 and 10. Good returning until September 11.

WEST UNION DEFENDER: "James Kendie, formerly of Manchester, brought suit for divorce from his wife, Hattie G. Kendie. They were married at Manchester July 21, 1891. He charges her with infidelity, and the name of Charles Ammer, of Augusta, Ky., and a traveling man known as 'Jack' are mentioned in the petition."

P. PARROTT has sued D. T. Fisher at Lexington for \$3,000 damages for defamation of character. Parrott charges Fisher with having told divers persons at divers times and places that he, Parrott, had sworn to a lie as witness in the case of D. T. Fisher vs. Josie C. Rayburn. The plaintiff is agent at Lexington for the Singer sewing machine, and the defendant is agent for the New Home sewing machine at Flemingsburg.

THE C. and O. took over 1500 excursionists into Cincinnati Saturday from Wheeling and other up-river points. There were three sections of the C. and O. train, the first carrying eleven coaches and the other two eight coaches each. A rate war between the B. and O. and C. and O. was an element in this influx of West Virginians. The former road made a rate of \$2 for the round trip from Wheeling, and the latter jumped into the arena with a one dollar rate in connection with the Ohio River road.

THE Fiscal Court of Fayette County has offered \$10,000 for that portion of the Maysville and Lexington pike lying in Fayette. Col. Baldwin contends that he sold the road to the county for \$25,000, and is only waiting for his pay before delivering the property. There was such an agreement with a former Fiscal Court, says the Herald, dependent, however, upon the people of Fayette voting the bonds with which to pay the money. But enough votes were not cast for the bond proposition, and therefore it is claimed the purchase of the pike could not be consummated.

# The E. Z. Waist.

The purpose of a child's underwaist is to hold up pants, drawers or skirt. It is intended to do for a child what suspenders do for a man—nothing more; accordingly it should be elastic.

## The E. Z. Waist.

has this quality. It is made of a knitted elastic webbing, with knitted bands attached to the garment crossing the back and over the shoulders like suspenders. It yields to the strain on buttons and saves them from being pulled off or button holes from being torn.

## The E. Z. Waist.

being made of knitting webbing is ventilating, and does not get clogged with perspiration like thick cloth waists. Made in sizes for children from two to thirteen years of age, suitable alike for summer or winter wear. Sizes: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13. All one fabric; will not shrink; ventilating and hygienic. Price, 25c. each.

## CIVIL SERVICE EXAMINATION.

One to be Held Here September 18th For Positions in the Internal Revenue Service.

The United States Civil Service Commission has ordered that an examination be held by its local board in this city on Saturday, September 18, 1897, commencing at 9 o'clock a. m., for the grades of Deputy Collector, Clerk, Storekeeper, Gauger, Storekeeper-gauger and Messenger in the internal revenue service.

Only citizens of the United States can be examined. The age limitations for this examination are as follows: twenty-one years.

No application will be accepted for this examination unless filed with the undersigned, on the proper blank, before the hour of closing business on August 28, 1897. Applications should be filed promptly in order that time may remain for correction if necessary.

The commission takes this opportunity of stating that the examinations are open to all reputable citizens of the United States who may desire to enter the service, without regard to race or to their political or religious affiliations. All such citizens are invited to apply. They shall be examined, graded and certified with entire impartiality, and wholly without regard to any consideration save their efficiency, as shown by the grades they obtain in the examination.

For application blanks, full instructions and information relative to the duties and salaries of the different positions, apply to George G. Bryan, Secretary pro tem, Board of Examiners, Internal Revenue Service, Lexington, Ky.

THE Misses Tucker will entertain Wednesday night with a lawn party at their attractive home in the county.

You miss both an golden and diamond opportunity if you fail to call and see Murphy, the jeweler's stock of diamonds and gold watches. They have never been sold as cheap as he is offering them. Are all warranted to be excellent values.

CUTTING around the eyes should be avoided, unless you are willing to make yourself a subject for experimenting in surgery. This is unnecessary; Sutherland's Eagle Eye Salve will cure sore eyes and granulated lids after all others have failed. It strengthens weak eyes. It is harmless. For sale at Chenoweth's.

MRS. KATE McCABE, who formerly resided in this city according to a statement in the Lexington Leader, was arraigned before a jury at that place Monday on a writ of lunacy. She has four children and her home is at Harriman, Tenn. As she was a resident of another State, the jury took no action, and the court turned her over to the custody of her brother.

## Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

### DOLLAR WHEAT.

Central Kentucky Farmers Waiting for it. They Have Refused Offers of \$2 Cents For Their Crop.

[Lexington Leader.]

The wheat situation in Central Kentucky has become more interesting than ever. Agents for Forbes & Co., New York, E. D. White & Co. and the Green Commission Company, St. Louis, who have been in this field for the past two weeks trying to buy wheat for export, are about to leave in disgust because the farmers will not sell.

The farmers have stacked a great deal of their wheat because they cannot rent sacks enough to hold it if thrashed, and because the warehouse men want to charge them too much for storage and insurance. Usually the Blue Grass region, of which Lexington is the central shipping point, exports about 3,000 carloads each year, as the Kentucky wheat is much sought after by English millers. This year conservative estimates show that fully 3,500 carloads can be exported from here, but the farmers have been taking the newspapers, and they are completely wild over the reports which come from foreign countries regarding the shortage of the wheat crop there.

The bankers are willing to lend money for sixty days to the farmers and take mortgages on their wheat crops for sufficient to pay their July bills. Farmers who offered to sell their wheat at 80 cents ten days ago absolutely refused to sell Saturday when offered 82 cents. They are holding out for \$1.

A prominent Garrard County wheat grower says the farmers of Garrard, Lincoln, Jessamine and Boyle counties have entered into a combine to hold their wheat until the price reaches \$1 per bushel. He estimates that there are now a quarter of a million bushels in the hands of the farmers in that belt of counties.

### Acetylene Gas.

We are now prepared to place on the market our machines for generating acetylene gas. These machines are adapted for lighting stores, factories, churches and private residences. Small towns and farmers can now have gas as well as those in the cities, as each consumer controls his own little gas plant, which is quite inexpensive. We guarantee to furnish six times as much light at less than half the expense of ordinary gas, electric light or kerosene lamps. A first-class agent is wanted in every county to sell our machines. TOLEDO ACETYLENE GAS CO., Toledo, Ohio.

### Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever tores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

No house in the State ever did or ever will offer a line of Suits like these for the price,

**\$10**

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT ON APPROVAL AND NO SUIT WILL BE CHARGED—ONLY CASH WILL BUY THE GOODS DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.

**WASHINGTON.**

Last Thursday evening was the occasion of a most enjoyable society event here, when Miss Little Blanchard gave a whistling musicale, in order to formally dedicate to some of her many friends some pieces which she had composed in their honor. Both her composition and rendering were most soulful and beautiful, and we feel safe in believing that we but voice the sentiment of all to whom her compositions were inscribed, when we say they were proud to be the recipients of her favors. She was gracefully assisted by her friends, Misses Phoebe Forman and Edna Hunter, on the program as arranged, and, by requests, by the Misses Best, Misses Mary Forman and Fannie Marshall at intervals later on in the evening. Following we give the regular program:

Waltz—"Gold Ring"—Whistling—Affectionately inscribed to Miss Flora Hunter—Miss Blanchard.

Waltz—"Free Silver"—Whistling—Affectionately inscribed to Miss Mary Wood Taylor—Miss Blanchard.

Song—"The Song That Touched My Heart"—Miss Forman.

Aria—"Friendship"—Whistling—Affectionately inscribed to Miss Fannie Marshall—Miss Blanchard.

Aria—"Tessie Blue Yea"—Whistling—Affectionately inscribed to Mrs. Wilkes—Miss Blanchard.

Song—"Rosemond"—Miss Forman.

A Reverie—"What Thy Dark Eyes Inspire"—Whistling—Affectionately inscribed to Miss Edna Hunter—Miss Blanchard.

Song—"Little Alice"—Miss Forman.

Fantasia—"Tempest and Calm of the Heart"—Whistling—Affectionately inscribed to Mrs. Jas. Marshall—Miss Blanchard.

Recitation—"The Minnette"—Miss Hunter.

By clamorous requests, Miss Blanchard was induced to close the program with her famous Irish recitation, "Miss Molony on the Chinese Question," and to say here brogue on this occasion seemed to be the very latest importation, by no means putting it too strongly. How it was relished was evinced by the rounds of applause when she retired from the floor.

After the refreshments were served Miss Lula Best, with her sister, Miss Elizabeth, as accompanist, sang in a most charming manner the two lovely songs "Marguerite" and "All Through the Night," after which Misses Forman and Marshall culled the rest of the evening with some very inspiring instrumental selections.

**THE GRAIN MARKET.**

New York, Aug. 16.—Wheat—Higher cables stimulated the market to-day and under an active trade options advanced 1½c. and cash wheat accordingly. Corn and oats ruled firm and higher with wheat.

St. Louis, Aug. 16.—Wheat—Cash, 92½c.; August, 92½c.; December, 93c. Corn—Cash, 25½c. bid; September, 25½c.

Baltimore, Aug. 16.—Wheat—Cash, 91½c.; September, 92c. bid. Corn—Cash, 25½c. bid; September, 25½c.

Cincinnati, Aug. 16.—Wheat—Higher prices were again quoted. Only two cars of 2 red were offered for sale and were held above the nominal price, 87 cents. Corn—The demand was good and values were firm. Sales: 1 car No. 2 yellow, track, 29½c.; 2 cars white, ear, track, 29½c.; 2 cars white, ear, track, 29½c.; 1 car No. 2 mixed, track, 29c.; 1 car No. 2 yellow, track, 29½c. Oats—Ruled firm, despite heavy receipts.

Chicago, Aug. 16.—Wheat—Cables were 1½c. higher to-day. Paris was also higher. The pit in Chicago immediately took up with the bullish news and first transactions were at prices 1½c. above those of Saturday. Speculation was wild and the pit crowd was rather erratic. Values were driven a good fraction above the high opening before settling. The undercurrent was very firm and decided declines were not looked for. The situation in the Northwest is daily growing more acute. Two days' rains have occasioned much worry, though not seriously damaging the wheat. The climate at this time of the year is rather treacherous in the Northwest and each day's delay increases the possibilities of frost. September wheat opened at 83½c., reached 86½c. and closed at 85½c.

The Maysville millers are paying 80 cents for wheat to-day.

**FELL FROM HIS BICYCLE.**

Injury Develops a Cancer Which Resulted in Death.

BLOOMINGTON, Ind., Aug. 17.—Harlow Harvey, 19 years old, died yesterday. The postmortem revealed an interesting incident in medical science. Young Harvey fell from a bicycle a year ago, resulting in a cancer of the bone, which necessitated amputation of the limb. The operation availed nothing, as the disease penetrated every tissue of the body, destroying the usefulness of the vital organs.

The cancer had a notable effect upon the lungs, changing them almost entirely into bone, something not recorded in medical works. The case will be thoroughly investigated and reported for scientific benefit. Drs. J. E. and Edward Harris have it under consideration.

**WHITE CAPPING REPORTED.**

Mathias Hacker and Family Are Dragged From Their Home.

BLOOMINGTON, Ind., Aug. 17.—Another White Capping episode in Monroe county is reported, this time in Washington township. Masked men visited the farmhouse of Mathias Hacker, late at night, breaking down the door with a fence rail, and dragging Mr. Hacker and his son and daughter, together with a woman whose home is in Martinsville into the open air, where they were severely lashed with hickory withes.

Mr. Hacker and son are reported so badly injured that they are still confined to their beds, while the women were not much hurt. The Hacker home is near the Morgan county line.

**Havana Threatened.**

KEY WEST, Aug. 17.—Advices from Havana are that General Gomez has perfected plans for the invasion of Havana province. Every able-bodied Spaniard in Havana has been ordered to take arms. Practically, troops in Havana province are in a state of siege. On three sides are strong bands of well armed, disciplined and well fed Cubans. Formidable bodies of Cubans are now operating directly under the guns of the Spanish forts at Havana, and Weyler is powerless.

**Violators of the Fish Law Fined.**

KOKOMO, Ind., Aug. 17.—Deputy Fish Commissioner Welty, who runs down dynamiters and seiners with his bloodhounds, arrested six violators at the Jerome dam, near here. Frank Chase, Lee Simpson, Isaac and Elmer Newhouse and Sherman Lanester. The men were fined \$35 each by Justice Moreland, and additional charges stand against Lancaster and the two Newhouses.

**An Old Man Missing.**

CLINTON, Ind., Aug. 17.—Frederick Hibberly, 70 years old, is missing, under circumstances indicating suicide or that he has met with foul play. He is the father of E. L. Hibberly, a prominent attorney of Cayuga. Recently the old gentleman drew considerable money and left for his adopted home in Terre Haute, but after redepositing his money he disappeared.

**New Postoffice Established.**

KOKOMO, Ind., Aug. 17.—Duckrell is the name of a new postoffice in Howard county. It is in the colored settlement of Ervin township, and was secured through the efforts of Congressman Steele. William Ellis (colored) is postmaster.

**Great Disaster in Russia.**

BERLIN, Aug. 17.—A dispatch to The Kreuz Zeitung from Warsaw, says that the town of Ostrow, in the province of Seidel, Russia, has been destroyed by fire. Four hundred houses have been burned down, and 4,000 people are homeless. Four persons have been killed and many children are missing. The most remarkable feature of the conflagration is that it began simultaneously in four different parts of the town.

**Angillilo to Be Garrotted.**

MADRID, Aug. 17.—Michel Angillilo, the anarchist assassin of Premier Canovas del Castillo, who was tried by courtmartial at Veragara, was found guilty and was sentenced to death. Upon hearing the sentence Angillilo turned deathly pale and had to be assisted from the courtroom. Angillilo will be garrotted within the prison.

MARK REESE, the boy "Blondin," sixteen year old world's champion high wire artist, will give daily performances at the big Ripley Fair.

LOVERS of the stars and planets will be pleased to learn of new discovery in the heavens, nearer earth, however, than ordinary, and the naked eye of any person can see them. Any time between 8 and 10 o'clock each evening, towards the eastern horizon, they stand nearest mother earth. Great Loadstone and Powerful Magnet are their names, so astronomers dubbed them, but the vox populi of Maysville call them the finest vaudeville artists yet seen at the Electric Park. The show last night was really fine, and those of our people who do not attend this entertainment are certainly not awake to the bright wit, good fun and chance to enjoy an evening of refined pleasure. We do not believe there will be a vacant seat any night the remainder of the week, so varied, is the program, so versatile the artists and so thoroughly able to please the most exacting and particular.
